Charleston Square – Geometric Harmony

Mannheim – The CHARLESTON SQUARE series is perfect for those who wish to combine a timelessly elegant bathroom design with modern shapes. Jörger – Armaturen- und Accessoires-Fabrik GmbH skillfully and harmoniously joins two basic geometric forms.

The timeless, rounded design elements combined with the quadratic rosettes fascinatingly accentuate the classical, elegant form of the fixture. Each element of this fixture stands out and presents itself in its own particular way.

The elongated body of the fixture subtly adds yet more elegance to the single lever mixer. CHARLESTON SQUARE is a convincing addition to wash units of all shapes and sizes.

This sophisticated fixture range consists of single lever mixers or double-handle taps for wash units, wall mounting, bath tub, shower and bidet and in a chrome, platinum, platinum matt, sunshine, sunshine matt, bronze or gold finish.

The design was created by Oliver Jörger. The fixture series is complemented by a range of matching accessories.

About Jörger

Jörger Armaturen- und Accessoires-Fabrik GmbH is located in Mannheim, Germany and is not only an international manufacturer and supplier of fittings but also offers a wide range of accessories to match their exclusive designs. These are created entirely in elaborate craftsmanship – handcasted, smoothed and polished, providing a very special standard of quality and exceeding even the highest expectations.

The company philosophy is to offer not only a design for a complete bathroom, but moreover an entirely new experience. Washing units created from porcelain, wood, glass, stainless steel or terracotta and other selected components complement the range of taps and accessories.

„Jörger Designs“ are perfectly coordinated. Designs in which form and function blend harmoniously into each other and where the aesthetic style releases a burst of creativity.
